

MSA CONSERVATION

ANNUAL CONTRIBUTION FORM

Yes, I want to support the MSA's scientific, conservation and education programs.

GENERAL OPERATIONS – To support day-to-day operations and/or other priority budgeted requirements, as determined by the MSA Board of Directors.

\$

SALMON STOCKING – Stocking wild Atlantic salmon fry in low density areas in the same Miramichi River tributaries and brooks from which their parents came i.e. their natal waters.

\$

COLD-WATER INITIATIVES – Enhancing cold-water refuges and seeps to provide thermal relief and protection to both returning adult salmon and growing juvenile fish.

\$

REMOVING SPAWNING OBSTRUCTIONS – Breaching beaver dams and other in-stream obstructions each Fall so adult salmon can reach critical spawning habitat.

\$

RESEARCH – Collaborative research programs and activities that will help fisheries managers better understand the many unique forces and challenges that are affecting salmon survival.

\$

EDUCATION PROGRAMS – The MSA conducts school-based art and writing contests as well as a youth mentoring weekend called *MSA First Cast*. In addition, the MSA also supports the *NBSC's Fish Friends* program, various in-school fishing clubs, and awards an annual University scholarship.

\$

ENDOWMENT – The MSA has established an Endowment Fund in Canada to provide long-term financial support and stability for the organization's operations. In this way, contributions to the Endowment Fund will provide ongoing support for salmon conservation for many years to come.

\$

Cheque Cash

Credit Card – *Visa/MasterCard Only*
